CORE SKILLS

- Vanilla JavaScript (ES6+), HTML5, CSS3 and frontend framework.
- Version Control (Git)
- API Integration, Problem-solving, Debugging, Team Collaboration & Communication
- React.js

WORK EXPERIENCE

Junior Developer — Sowftech Digital Innovation, Lagos, Nigeria (2024 – Present)

- Contribute to front-end development using HTML, CSS, Vanilla JavaScript, React, and TypeScript.
- Build and maintain reusable UI components using React functional components and modern hooks.
- Implement responsive and user-friendly interfaces based on design specifications and UX guidelines.
- Integrate front-end components with RESTful APIs and handle asynchronous data fetching.
- Use TypeScript to improve code reliability, type safety, and maintainability.
- Collaborate with senior developers and designers to implement new UI features and enhance existing ones.
- Debug, refactor, and optimize front-end code for better performance and cross-browser compatibility.

Industrial Trainee — Nigerian Breweries PLC, Imagbon-Ijebu (2025 – 2026)

- Supported production processes and Utilities operations.
- Learned factory workflow and Engineering practices.

EDUCATION

- **Secondary School Certificate Examination**
Command Day Secondary School, Ijebu-Ode.
- **National Directorate of Employment**
Computer operations and maintenance
